High Grade, Dependable

## NURSERY STOCK

.....

A COMPLETE STOCK OF  
CHARACTER EVERGREENS, SHRUBS,  
PERENNIALS, FRUIT TREES, ETC.

.....

## LOUISVILLE NURSERIES

ST. MATTHEWS, KENTUCKY

## INTRODUCTION

In issuing this new catalogue, our first thought is one of thanks and appreciation to our customers whose faithful patronage we appreciate very highly, and who have been such a large factor in making our nurseries a success. It is also a booklet of information and a guide to people who may not as yet be acquainted with us. We are located one mile east of St. Matthews on the Shelbyville Pike. LaGrange and Shelbyville Interurban cars pass our stop, Arterburn Station every half-hour. Visitors "are welcome any day," except Sunday, between the hours of 7 a. m. and 5 p. m.

## HOW TO ORDER

### PRICES

Prices in this catalogue cancel all previous quotations. **Plant stock selected by customers at our Nurseries will be charged for according to their value, irrespective of price in this catalogue.** The prices in this list include all packing charges, with the exception of evergreens, which if shipped any distance will, on account of their weight, have to be packed in strong boxes. For these we will charge cost price.

### TERMS

Customers unknown to us should remit with order by check, draft or money order. For the convenience of some of our customers who are known to us or who can furnish satisfactory references we are willing to open up a charge account. All bills rendered are due **30 days net**. No new accounts opened less than \$10.

### DELIVERY

To customers in and around Louisville we will deliver free of charge with our own trucks. Distant orders will be carefully packed and delivered to the freight or express office. All express or freight charges to be paid by the customer. Goods after being delivered to the railroad station will travel at the risk of the purchaser. Claims for damage while in transit must be made to the respective carrier.

### LANDSCAPE SERVICE

We maintain a very efficient Landscape department, that will take care of large as well as smaller plantings. If in doubt about what to plant and where to plant let us know about your trouble and we will send one of our experienced Landscape Architects to talk the matter over with you. We make a specialty of developing new places and will be glad at all times to furnish you with plans and blue prints at a nominal cost.

---

***We grow the plants we sell, and sell the plants  
that grow***

<b>A. Totus Albus</b> —Single white.	3 to 4 feet 4 to 5 feet	.50 .65
<b>A. Coelestis</b> —Single violet-blue.	3 to 4 feet 4 to 5 feet	.50 .65
<b>Aralia Pentaphyllum</b> —Five-leaved Aralia spiny branches, light green, shining foliage.	2 to 3 feet	.50
<b>Baccharis Halimifolia</b> —Groundsel Bush. Large shrub, clusters of cottony white down in late fall.	3 to 4 feet 5 to 6 feet	.75 1.50
<b>Berberis Illicifolia</b> —Holly-leaved Barberry. Holly-like foliage, that persists until early winter.	18 to 24 inch	1.00
<b>B. Thunbergii</b> —Japanese Barberry. Low and spreading, scarlet berries in fall and winter.	12 to 18 inch 18 to 24 inch	.30 .45
<b>B. Vulgaris Purpurea</b> —Purple-leaved Barberry. Upright grower, purplish foliage, yellow bloom in May.	4 to 5 feet 5 to 6 feet	.65 .85
<b>Calycanthus Floridus</b> —Sweet Shrub. Chocolate-colored flowers in June and July, very fragrant.	2 to 3 feet 3 to 4 feet	.45 .65
<b>Callicarpa Purpurea</b> —Purple-fruited Callicarpa. Pink flowers in August, purple berries in September and October.	18 to 24 inch 2 to 3 feet 3 to 4 feet	.40 .50 .65
<b>Ceanothus Americana</b> —Jersey Tea. Low shrub, panicles of white flowers in July and August.	2 to 3 feet	1.00
<b>Chionanthus Virginica</b> —White Fringe. Feathery pure white flowers in June; good foliage.	4 to 5 feet 5 to 6 feet	1.00 1.50
<b>Cephalanthus Occidentalis</b> —Button Bush. Ball-like clusters of white flowers in August.	2 to 3 feet 3 to 4 feet	.40 .60
<b>Clethra Alnifolia</b> —Sweet Pepper Bush. Small panicles of white, very fragrant flowers in July and August.	2 to 3 feet	.50
<b>Cornus Siberica</b> —Siberian Dogwood. Flat clusters of white flowers in May and June, red bark.	2 to 3 feet 3 to 4 feet	.35 .50
<b>C. Paniculata</b> —Panicle Dogwood. White flowers in June. White fruit in fall.	2 to 3 feet 3 to 4 feet	.35 .50
<b>C. Stolonifera Var., Aurea</b> —Golden-twiggged Osier. Bright yellow bark.	18 to 24 inch 2 to 3 feet	.35 .50
<b>Cydonia Japonica</b> —Japan Quince. Rosy-red to scarlet flowers in early May.	18 to 24 inch 2 to 3 feet	.50 .65

**DECIDUOUS SHRUBS—Continued**

**DEUTZIA—DEUTZIAS**

Profuse flowering shrubs in dwarf and tall growing varieties. They are sure of giving satisfaction because of their vigorous growth and masses of bloom.

<b>D. Gracilis</b> —Dwarf Deutzia. Single white flowers in May.....	12 to 18 inch	.50
	18 to 24 inch	.75
<b>D. Scabra Var., Candidissima</b> —Double white Deutzia. Upright, double white flowers in June.....	6 to 7 feet	1.25
<b>D. Scabra Var., Pride of Rochester</b> —Double white flowers in June. Upright, strong grower .....	3 to 4 feet	.50
	4 to 5 feet	.65
	5 to 6 feet	.75
	6 to 7 feet	1.00
<b>D. Scabra, Var., Rosea-Plena</b> —Double pink Deutzia. Upright, double pink flowers in June.....	3 to 4 feet	.50
	4 to 5 feet	.65
	5 to 6 feet	.75
	6 to 7 feet	1.00
	2 to 3 feet	.75
<b>D. Lemoinei</b> —Lemoine's Deutzia. Low growing, double white, June....		
<b>Desmodium Penduliflorum</b> —Sweet Pea Shrub. Drooping sprays of pea-shaped, pink flowers in August.....	Per Clump	.50
	Per Clump	.75
	Per Clump	1.00
<b>Eleagnus Angustifolia</b> —Russian Oleaster. Silvery foliage, yellow flowers in July.....	2 to 3 feet	.40
<b>Elscholtzia Stauntonii</b> —Mint Shrub. Small shrub, panicles of lilac-purple flowers in August.....	2 to 3 feet	.60
	3 to 4 feet	.75
<b>Evonymus Alatus</b> —Corkbarked Euonymus. Medium sized shrub, corky-winged branches, red berries in fall.....	2 to 3 feet	.75
<b>E. Americanus</b> —Strawberry Bush. Erect shrub, strawberry-like fruits, with orange-scarlet seeds.....	3 to 4 feet	.50
	4 to 5 feet	.75
<b>E. Europea</b> —European Spindle Tree. Tall erect, scarlet fruit; late in fall.....	4 to 5 feet	.90
	5 to 6 feet	1.15
	6 to 8 feet	1.50
<b>Exochorda Grandiflora</b> —Pearl Bush. Covered with white flowers in May.....	3 to 4 feet	.75
	4 to 5 feet	1.00

**FORSYTHIA—GOLDEN BELL**

The first shrubs to bloom in spring. Flowers are of a golden-yellow and bell-shaped. Very popular.

<b>F. Fortunei</b> —Fortune's Golden Bell. Erect grower, blooms in April....	2 to 3 feet	.40
	3 to 4 feet	.50
	4 to 5 feet	.65
	5 to 6 feet	.75
<b>F. Suspensa</b> —Weeping Golden Bell.....	3 to 4 feet	.50
	4 to 5 feet	.65
<b>F. Viridissima</b> —Green-twigged Golden Bell. Blooms 10 days later than Fortune's Golden Bell.....	3 to 4 feet	.50
	4 to 5 feet	.65
<b>Hamamelis Virginiana</b> —Witchhazel. Tall shrubs, yellow flowers in October.....	3 to 4 feet	1.00
<b>Hydrangea Arborescens Grandiflora</b> —Snowball Hydrangea. Large round, white flowers similar to the snowball blooming in June and July.....	18 to 24 inch	.40
	2 to 3 feet	.60
	3 to 4 feet	.75
<b>H. Paniculata Grandiflora</b> —Large-flowered Hydrangea. Large panicles of white flowers, in July and August and turning pinkish in fall.	12 to 18 inch	.35
	18 to 24 inch	.50
	2 to 3 feet	.75

**DECIDUOUS SHRUBS—Continued**

	Size	Price
<b>H. Quercifolia</b> —Oak-leaved Hydrangea. Large spikes of white flowers in July. Foliage resembling that of an oak.....	2 to 3 feet	.75
	3 to 4 feet	1.00
<b>Hypericum Aureum</b> —St. John's Wort. Flowers bright yellow in July and August.....	2 to 3 feet	.50
<b>Hypericum Platalum Var., Henryi</b> —Henry's St. John's Wort. Similar to the preceding flowers golden yellow.....	12 to 18 inch	.50
<b>H. Moserianum</b> —Gold Flower. Dwarf and graceful. Golden-yellow flowers in June and July.....	12 to 18 inch	.50
	18 to 24 inch	.75
<b>Ilex Verticillata</b> —Winterberry. A pretty native shrub with scarlet berries in late fall and winter.....	3 to 4 feet	.75
<b>Kerria Japonica</b> —Globe Flower. Slender green-branched shrub, yellow flowers July to October.....	2 to 3 feet	.50

**LIGUSTRUM—PRIVET**

Some of the most useful plants about the grounds, as screens, hedges or in large plantings. They are not particular as to soil and grow rapidly in sun or shade, are very seldom attacked by insects, withstand shearing and can be kept at any height or clipped into artificial shapes.

- L. Amurense**—Amoor River Privet. Very hardy, recommended for places exposed to the winter winds. 18 to 24 inch, 15c each; \$1.20 per 10; \$10.00 per 100; 2 to 3 feet, 20c each; \$1.50 per 10; \$12.00 per 100; 3 to 4 feet, 30c each; \$2.50 per 10; \$20.00 per 100; 4 to 5 feet, 50c; \$4.50 per 10; \$35.00 per 100.
- L. Ovalifolium**—California Privet. The most popular hedge-plants. 12 to 18 inch, 7c each; 65c per 10; \$5.00 per 100; 18 to 24 inch, 10c each; \$1.00 per 10; \$8.00 per 100; 2 to 3 feet, 12c each; \$1.10 per 10; \$10.00 per 100.
- L. Regelianum**—Regels Privet. 2 to 3 feet, 45c each; \$4.00 per 10. Low and spreading Black Berries. 3 to 4 ft., 60c each; \$5.00 per 10.

**LONICERA—BUSH HONEYSUCKLE**

This group of strong growing, hardy shrubs are invaluable in mass-plantings. Their blooms of white, pink or yellow, followed by showy berries in summer and early fall pushes them to the front of ornamental shrubs.

- L. Bella Albida**—White flowered Honeysuckle. White flowers in May and June followed by scarlet fruit.....
 

3 to 4 feet	.50
4 to 5 feet	.65
5 to 6 feet	.80
- L. Fragrantissima**—Fragrant Honeysuckle-bush. Creamy white, very fragrant flowers in March and April. Foliage dark-green and hangs on practically all winter.....
 

2 to 3 feet	.50
3 to 4 feet	.65
4 to 5 feet	.85
5 to 6 feet	1.00
- L. Morrowii**—Japanese Bush—Honeysuckle. Pure white flowers changing to yellow; in May; followed by red fruit in August.....
 

2 to 3 feet	.40
3 to 4 feet	.50
4 to 5 feet	.65
5 to 6 feet	.80
- L. Tatarica Rosea**—Tartarian Honeysuckle. Flowers pink to crimson in May, fruit crimson.....
 

2 to 3 feet	.40
3 to 4 feet	.50
- Myrica Cerifera**—Bayberry. Dark-green fragrant foliage almost ever-green.....
 

2 to 3 feet	1.00
-------------	------
- Oxydendron Arborea**—Sourwood. Leaves light-green, fading in autumn, with dazzling tones of scarlet. Flowers in panicles, resembling the Lily-of-the Valley, borne in July.....
 

2 to 3 feet	.75
3 to 4 feet	1.00
4 to 5 feet	1.50

DECIDUOUS SHRUBS—Continued	Size	Price
<b>PHILADELPHUS—MOCK-ORANGE</b>		
Tall growing ornamental shrubs for back-ground plantings. Invaluable on account of their large white fragrant blossoms.		
<b>P. Coronarius</b> —Common Mock Orange. Pure white flowers in May; very fragrant.....	3 to 4 feet 4 to 5 feet	.50 .65
<b>P. Grandiflorus</b> —Large flowered Mock Orange. Large creamy white flowers.....	3 to 4 feet 4 to 5 feet 4 to 5 feet	.50 .65 1.25
<b>P. Rosace</b> —Large white flowers extremely fragrant.....	5 to 6 feet	1.50
<b>P. Virginal</b> —Semi-double flowers blooming all summer. Pure white and fragrant.....	3 to 4 feet 5 to 6 feet	.50 1.00
<b>Rhodotypus Kerrioides</b> —White Kerria. Single white flowers in June, black berries all winter. Medium grower.....	2 to 3 feet	.40
<b>Ribes Aureum</b> —Flowering Currant. Yellow flowers in spring, followed by black fruit.....	3 to 4 feet 5 to 7 feet 7 to 8 feet	.75 1.50 2.00
<b>Rhus Cotinus</b> —Smoke Tree. The ripening bloom presents a light, airy, mist-like appearance. Large shrub.....	4 to 5 feet	.75
<b>Rhus Aromatica</b> —Sweet-scented Sumac. Attractive foliage, that emits an aromatic odor when bruised.....	4 to 5 feet 5 to 6 feet	.75 1.00
<b>Rhus Copallina</b> —Black Sumac. Large shrub, shiny foliage turning in fall a bright crimson.....	6 to 7 feet	1.50
<b>Sambucus Pubens</b> —Red-berried Elder. Large shrub, gigantic trusses in July, followed by masses of red berries.....	3 to 4 feet 4 to 5 feet	.50 .65
<b>Sambucus Nigra, Var., Aurea</b> —Golden Elder. Golden-yellow foliage; one of the best yellow-leaved shrubs.....	3 to 4 feet 4 to 5 feet	.50 .65
<b>Sorbaria Arborea</b> —Sorbaria. Large shrub, immense spikes of white flowers in June and July.....	3 to 4 feet 4 to 5 feet	.50 .65
<b>SPIRAEA</b>		
The most useful group of shrubs we have. You will find amongst them tall and dwarf ones, in white and pink. Some will bloom in spring and some in summer.		
<b>S. Arguta</b> —Hybrid Snow-Garland. Medium size, white flowers in May.....	3 to 4 feet 4 to 5 feet 5 to 6 feet	.65 .85 1.00
<b>S. Bumalda, Var., Anthony Waterer</b> —Waterer's Spirea. Dwarf, pink flowers all summer.....	12 to 18 inch 18 to 24 inch	.50 .75
<b>S. Callosa</b> —Dwarf pink Spirea. Clusters of pink flowers in June and July.....	2 to 3 feet	.45
<b>S. Callosa, Var., Alba</b> —Fortune's white Spirea. Dwarf, white blooms all summer.....	12 to 18 inch	.50
<b>S. Callosa Var., Froebeli</b> —Froebel's Spirea. Upright grower, bright crimson flowers in June and July.....	2 to 3 feet	.50
<b>S. Douglasii</b> —Douglas Spirea. Upright, deep rose-colored spikes in July and August.....	3 to 4 feet	.50
<b>S. Opulifolia Aurea</b> —Golden Ninebark. Vigorous grower, yellow foliage, white flowers.....	3 to 4 feet 4 to 5 feet	.50 .65
<b>S. Prunifolia Fl. Pl.</b> —Bridal Wreath. Tall. Small very double white flowers in early May.....	2 to 3 feet 4 to 5 feet	.50 .85
<b>S. Reevesiana Flore-Plena</b> —Reeves' Spiarea. Clusters of white flowers in May, 10 days later than Spirea Van Houtte.....	3 to 4 feet	.50
<b>S. Thunbergii</b> —Thunberg's Spirea. Dwarf, feathery foliage, white blooms in April or early May. The first Spirea to bloom.....	15 to 18 inch 2 to 3 feet 3 to 4 feet	.40 .50 .75

**DECIDUOUS SHRUBS—Continued**

	Size	Price
<b>S. Van Houtte</b> —Van Houtte's Bridal Wreath. The most popular of all the Spirea. In May the drooping branches are entirely covered with small single flowers in clusters.....	2 to 3 feet 3 to 4 feet 4 to 5 feet 5 to 6 feet	.40 .50 .65 .85
<b>Stephanandra Flexuosa</b> —Stephanandra. Graceful branches with feathery foliage. Fine for autumn effect.....	2 to 3 feet 3 to 4 feet 4 to 5 feet	.50 .65 .85
<b>Stewartia Pentagyna</b> —Alleghany Stuartia. Tall grower, large white flowers with folded anthers. Blooms in June.....	3 to 4 feet 4 to 5 feet	.75 1.00
<b>Styrax Japonica</b> —Japanese Storax. Large, nodding, pure white bell-shaped flowers in June. Fragrant.....	5 to 6 feet 6 to 8 feet	1.00 2.00
<b>Symphoricarpos Racemosus</b> —Snowberry. Medium size, small pink flowers in July. Large white berries in fall.....	2 to 3 feet 3 to 4 feet	.45 .60
<b>Symphoricarpos Vulgaris</b> —Coralberry. Showy red berries in clusters on graceful drooping branches.....	2 to 3 feet 3 to 4 feet	.45 .60

**SYRINGA—LILAC**

The fragrant and beauty of lilacs are unsurpassed. They are the Everybody's shrub. In our collection are tall and low-growing varieties, kinds that will give a succession of bloom for several weeks.

<b>S. Josikaea</b> —Hungarian Lilac. Violet flowers, slow grower. Blooming in June.....	3 to 4 feet 4 to 5 feet	.75 1.00
<b>S. Persica</b> —Persian Lilac. Purple flowers in long spikes in May.....	3 to 4 feet 4 to 5 feet	.75 1.00
<b>S. Rothomagensis</b> —Rouen Lilac. A very free flowering variety, with large light purple flowers in May.....	3 to 4 feet	.50
<b>S. Vulgaris</b> —Common purple Lilac.....	2 to 3 feet 3 to 4 feet 4 to 5 feet	.50 .65 .85
<b>S. Vulgaris, Var., Alba</b> —Common white Lilac.....	2 to 3 feet 3 to 4 feet	.50 .65
<b>S. Vulgaris, Var., President Grevy</b> —French Lilac. Large blue trusses, semi-double.....	2 to 3 feet	.75
<b>Mad. Lemoine</b> . Double white.....	2 to 3 feet	.75
<b>Mad. Abel Chatenay</b> . Pure white, single.....	2 to 3 feet	.75
<b>Ludwig Spaeth</b> . Single, dark purplish red.....	2 to 3 feet	.75
<b>Charles X</b> . Single, reddish purple.....	2 to 3 feet	.75
<b>Tamarix Aestivalis</b> —Tamarisk. Delicate, soft pink sprays of flowers from June until September.....	3 to 4 feet 4 to 5 feet 5 to 6 feet	.75 .65 .85

**VIBURNUM—SNOWBALLS.**

This group of plants is invaluable in shrubbery borders or as specimens. They are strong growers and as a rule very free bloomers.

<b>V. Carlesii</b> —Fragrant Snowball. Flowers rosy-pink, changing to pure white. Large clusters blooming in May. Fragrant.....	2 to 3 feet 3 to 4 feet	1.50 2.00
<b>V. Dentatum</b> —Arrow-Wood. Flowers creamy-white in flat-topped clusters in May. Black fruit.....	2 to 3 feet 3 to 4 feet	.40 .50
<b>V. Lantana</b> —Wayfaring Tree. White flowers in May and June, red, turning to black fruits.....	2 to 3 feet	.50
<b>V. Molle</b> —Common Viburnum. Large white blooms in May.....	3 to 4 feet	.50
<b>V. Opulus</b> —Highbush Cranberry. One of the best of the red-berried shrubs for fall effect.....	3 to 4 feet 4 to 5 feet	.50 .65

## GLADIOLAS

The most popular cut-flower. If cut when first flower opens and kept in fresh water, every bud will open and this extends over a week or so. Plant the bulbs 4 to 6 inches deep and 6 inches apart from April 1st to June 15th.
